WD SERVICES, INC.

WD Services, Inc. is the Tri-State area supplier of high quality and technically superior refinish downdraft and non-downdraft spray booths, workstations that are heated, traditional prep-stations and paint mixing room equipment for auto body repair facilities. All of which are specifically designed and manufactured by Global Finishing Solutions.

We can offer our customers many options including an extensive equipment selection, computerized shop layout planning service (CAD), equipment installation, factory recommended Quality Tune-Up, dry chemical fire suppression systems, and much more....

We look forward to working with you and servicing your next need, large or small, so please don't hesitate to contact us.

Sincerely,

WD Services, Inc

Quality 25+ Point Tune up Special... **\$385.00**

**OEM Recommended Service for
Booths, Prep Stations & Mix Rooms**

Authorized sales and service distributor for

Proudly Servicing... Eastern PA, Northern DE, and Southern NJ

Why a Quality 25+ Point Tune Up?

Semiannual Quality Tune-Ups keep your CWN, Accudraft, Blowtherm, Binks, Global Finishing Solutions, DeVilbiss or other automotive heated spray booth and prep-station equipment functioning properly and within original factory recommended specifications, while increasing the productivity and life of your investment. The Tune-Up technician will need approximately 3- 4 hours to perform the service. You will receive both verbal and written summaries at the end of each Quality 25+ Point Tune-Up.

ASSURANCE... We are so confident trouble will be headed off before it occurs, that should you need repair service on the booth or prep-station within 6 months of the quality Tune-up, we established **First Priority Service***; exclusively for our Quality Tune-Up customers. With **First Priority Service**, your service need goes to the top of our list and the service fee (travel time) is lower than standard... now that's a winning combination!

* **First Priority Service** customers receive priority scheduling with 48 hr. technician response M-F (excluding holidays). Discounted service call fee requires all recommended corrective actions from the quality Tune-Up have been implemented by WD Services.
